2024 TWOTH WINNER

Master	Mentor
Matt Bleby	Ken Faulkner

The Way Of The Horse (TWOTH) was created in 2005 by EQUITANA to demonstrate a kinder and more caring way to start a young horse and to showcase the impressive training skills of our home-grown horsemen and women. The competitors chosen for the Challenge each year are picked specifically because they represent the same kind and caring ethos. This year the Globetrotting The Way of the Horse introduces a new concept and some exciting changes.

After randomly selecting their young, unstarted horse, the Masters will work simultaneously in separate round pens, with their Mentors nearby, giving you a unique opportunity to compare starting methods and training styles. Contestants are judged by a respected panel of Equestrians and trainers in their own rights! Join us over the four days.
